Installation Instructions

Auxiliary Rear Anti-Sway Bar Kit Ford F53

part #1139-145
1½” diameter

Note: do not remove the factory anti-sway bar. This kit is designed to support the factory anti-sway bar — not replace it.

INTRODUCTION

Thank you for purchasing this anti-sway bar kit. This kit is designed to improve the handling characteristics of your Ford F53 by reducing the body roll and balancing the weight transfer during cornering. The anti-sway bar kit is engineered for long life and trouble-free performance. All the hardware needed for installation is included in this kit. Refer to the PARTS LIST in these instructions to identify the parts.

SUGGESTED TOOLS

The following tools are suggested to complete the installation procedures:
- General hand tools
- Torque wrench

WARNING

Failure to follow these instructions can result in property damage, personal injury or even death.

- If raising the vehicle to install the anti-sway bar, always support the vehicle with jack stands at both frame rails or at the rear axle before working underneath. Ensure that the jack stands are securely positioned, and are rated at or above the weight of the vehicle.
- The installer must read the instructions and use all bolts and parts supplied. Use only the parts supplied by ROADMASTER to install this kit.
- Minor modifications are sometimes necessary due to slight vehicle variations, even for the same year, make and model.
- Regardless of year, make and model, a wide range of options for specific applications may or may not interfere with the installation. It is the installer's responsibility to make certain that equipment is not damaged once the suspension solution travels through the full range of motion. Failure to ensure adequate clearance could result in non-warranty property damage, personal injury or even death.
- If running changes were made by the manufacturer after this kit was designed, there may be weldments, braces, gussets, or other structural items which interfere with the installation. It is the installer's responsibility to allow for these running changes without sacrificing the structural integrity of the anti-sway bar. Failure to securely fasten the anti-sway bar could result in property damage, personal injury or even death.
- ROADMASTER will not be responsible for any damage or injury resulting from any modification or alteration.
- Check ALL the fasteners for tightness before and after road testing the vehicle.
- Do not use this document for custom fabrication, as it may not show all parts or structural components.
- Do not use an air impact wrench when re-installing bolts, as stripped threads may result.
- This anti-sway bar is only warrantied for the original installation. Installing a used anti-sway bar on another vehicle is not recommended and will void the warranty.

**Free Extended Warranty**

You must accurately and completely fill out and mail the product registration card within thirty (30) days from the date of purchase to qualify for your warranty. **If we receive your card, completely and accurately filled out, within twenty (20) days from the date of purchase, we will extend the coverage to a total of two (2) years at no extra charge.**

Your product registration is an important record for ROADMASTER to keep in touch with you. It also enables us to expedite any future claim, update or recall that may arise concerning our products.
The following instructions must be followed in the order listed to ensure a proper installation and to preserve the ROADMASTER warranty.

1. Apply parking brake.
   The following procedures can be done with the wheels of the vehicle on the ground.

2. Install endlink mounting bracket.
   Install the endlink bracket (B734) to the frame rail using the two lower factory crossmember bolts located behind the rear axle. To remove the factory crossmember bolts, it may be necessary to raise the motorhome to allow the crossmember bolts to clear the leaf-spring. Place the bracket flat against the frame and tighten the crossmember bolts. (Fig.1).

3. Install the bushings and bushing clamps on the anti-sway bar.
   Lubricate the inside of the split bushings with the provided lubricant. Install the bushings on the anti-sway bar near the arms. Slide the bushing clamp brackets over the split bushings.

4. Attach the anti-sway bar to the shock mount.
   Locate the existing holes on the bottom of the shock mount. Bolt the bushing clamps to the bottom of the shock mount using the supplied 7/16” hardware (Fig. 2). Note: a small floor jack will aid in holding the anti-sway bar up while the bar is bolted in place. Tighten bushing clamps now.

5. Install shackles.
   Lower the motorhome using the leveling jacks to install the shackles. Bolt the shackle bracket (B285) into place using the provided bolts (350074-00), and nuts (350256-02). Note: Install bolts with the nuts on the inside so that the leaf-spring will not contact the bolt. (Fig. 3). Tighten bolts, using caution not to over-tighten, possibly resulting in damage to the bushings and/or shackle (30-45 ft. lbs.)

6. Test drive.
   Drive vehicle, recheck all bolts for proper torque.

⚠️ WARNING

After road testing, re-check all fasteners for proper tightness — if a fastener has worked loose or fallen off, re-tighten or replace it. Without all kit components properly tightened or in place, the anti-sway bar will not stabilize the vehicle at full capacity, which may cause reduced cornering ability or other reductions in vehicle handling or performance.

Failure to follow these instructions may result in property damage, personal injury or even death.

Note: Endlink bolts use grommets and should NOT be torqued. Tighten these bolts by hand until the grommet starts to deform. Also, these torque values are intended as general guidelines. Roadmaster does not warrant this information to be accurate for all applications and disclaims all liability for any claims or damages which may result from its use.
LIMITED WARRANTY

1. WARRANTY
   1a. WARRANTY OF CONFORMITY AT TIME OF SALE
       ROADMASTER, Inc. warrants that at the time of sale of this product it will be free from defects in material and manufacture
       and will conform to ROADMASTER'S specifications for the product.

   1b. CONDITIONAL ONE-YEAR WARRANTY
       In addition to the preceding time-of-sale warranty, if the product registration card is completely and accurately filled out and
       mailed to ROADMASTER within thirty (30) days of purchase, ROADMASTER will provide an additional warranty that for a period
       of one year after sale the product will remain in good working order, PROVIDED THAT the product is installed and maintained in
       accordance with ROADMASTER'S instructions and is not subjected to: (a) alteration or unauthorized repairs or repairs by
       anyone other than ROADMASTER or a ROADMASTER-authorized service center, (b) misuse, abuse, commercial use, or
       improper maintenance, (c) Acts of God (including without limitation hurricanes, tornadoes, floods, or other severe weather or
       natural phenomena), (d) failures due to products not supplied by ROADMASTER, or (e) other treatments, uses, or installations
       for which the product was not intended. This warranty extends only to the first retail purchaser-consumer of the product and is
       not transferable.

       EXTENDED WARRANTY PERIOD: If ROADMASTER receives the product registration card, completely and accurately filled out,
       within twenty (20) days of purchase, ROADMASTER will enlarge the one-year warranty period in the preceding paragraph to
       a period of two years.

2. DISCLAIMER OF OTHER WARRANTIES
   The preceding warranties are the exclusive and sole express warranties given by ROADMASTER. They supersede any prior,
   contrary or additional representations, whether oral or written. No agent, representative, dealer or employee has the authority to
   alter or increase the obligations or limitations of this warranty. Any implied warranties, including the WARRANTY OF
   MERCHANTABILITY and any WARRANTY OF FITNESS FOR A PARTICULAR PURPOSE, are limited in duration to thirty days
   or the term of the applicable express warranty provided above, whichever is longer.
   Some states do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you.

3. EXCLUSIVE REMEDY FOR ANY NONCONFORMITIES
   If during the applicable Warranty Period, the product does not conform to the preceding Warranties, notify ROADMASTER as
   provided below, and within a reasonable time ROADMASTER will provide, at its option, one of the following: (1) replacement
   components for any nonconforming or defective product or components or (2) the percentage of the purchase price for the
   nonconforming product equal to the percentage of the Warranty Period remaining when ROADMASTER is notified of the
   nonconformity. ROADMASTER will, at its option, (a) use new and/or reconditioned parts in performing warranty repairs and
   making replacement products, (b) use parts or products of original or improved design in the repair or replacement. If
   ROADMASTER repairs or replaces a product, its warranty continues for the remaining portion of the original Warranty Period or
   60 days from the date of the return shipment to the customer, whichever is greater. All replaced products and all parts removed
   from repaired products become the property of ROADMASTER. ROADMASTER will not provide, and will not be liable for, labor,
   costs of removal or reinstallation of components, disposal, shipping, freight, taxes, or other incidental charges.

   THESE REMEDIES ARE THE EXCLUSIVE AND SOLE REMEDIES FOR ANY BREACH OF WARRANTY.
   For any breach of warranty, the Owner must telephone ROADMASTER at 1-800-669-9690 within thirty (30) days after
   discovering the nonconformity. Do not return any product without first calling ROADMASTER and getting a return authorization
   number. Returned products must include the return authorization number and a copy of the original invoice, bill or other proof of
   the date of purchase. The date of purchase must coincide with the original warranty registration card on file. ROADMASTER
   will authorize (a) shipment of the product to ROADMASTER or (b) repair or replacement at the nearest warranty service center–
   in both cases with shipping at your expense. Do not purchase replacement parts or pay for repair labor—you will not be
   reimbursed. Compliance with the requirements of this paragraph is a condition to coverage under the Warranty; if these
   requirements are not complied with, ROADMASTER will have no obligation to provide any remedy for any breach of warranty.

4. DISCLAIMER OF INCIDENTAL AND CONSEQUENTIAL DAMAGES
   IN NO EVENT SHALL ROADMASTER BE LIABLE FOR ANY INCIDENTAL, SPECIAL, INDIRECT OR CONSEQUENTIAL
   DAMAGES, WHETHER RESULTING FROM NONDELIVERY OR FROM THE USE, MISUSE OR INABILITY TO USE THE
   PRODUCT OR FROM DEFECTS IN THE PRODUCT.
   Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation may not
   apply to you.

5. APPLICABLE LAW
   This Warranty will be interpreted, construed, and enforced in all respects in accordance with the laws of the State of
   will not apply to this Warranty.

6. SEVERABILITY
   If any provision of this warranty is found to be invalid or unenforceable, then the remainder shall have full force and effect,
   and the invalid provision shall be partially enforced to the maximum extent permitted by law to effectuate the purpose of the
   agreement.

7. ADDRESS FOR NOTICES TO ROADMASTER
   ROADMASTER, Inc., 6110 NE 127th Ave., Vancouver, WA 98682
   This warranty gives you specific legal rights, and you may also have other rights which vary from State to State.
