Parts List

- (1) 3/8" lock washer
- (1) 3/8" x 3/4" bolt

Instructions

- 1.** Locate the mounting post (Fig.1) that came with your BrakeMaster. If needed, order part number 450596. Now, secure the post to the center of the seat adapter using the included 3/8" x 3/4" bolt and 3/8" lock washer. If the hole is countersunk, use the Allen head bolt and lock washer included with this kit.
- 2.** Remove the two factory mounting bolts (one on each side) from the seat track. Then, set the seat adapter in place over the seat track so that the holes in the seat adapter align with the holes for the factory mounting bolts. Re-install the factory seat mounting bolts to secure the seat adapter.

WARNING

Failure to follow these instructions can result in property damage, personal injury or even death.
