## Parts List

- (1) 3/8" lock washer
- (1) 3/8" x 3/4" bolt

## Instructions

1. Locate the mounting post (Fig.1) that came with your BrakeMaster. If needed, order part number 450596. Now, secure the post to the center of the seat adapter using the included 3/8" x 3/4" bolt and 3/8" lock washer. If the hole is countersunk, use the Allen head bolt and lock washer included with this kit.
2. Remove the two front 15mm (head) seat mounting nuts (one on each side). Slide the seat adapter over the seat track, and over the front seat track mounting studs. Bolt the seat adapter in place, using the factory nuts you removed earlier (Fig.2). Tighten the bolts.

**WARNING**

Failure to follow these instructions can result in property damage, personal injury or even death.
