

# SEAT Adapter KIT #88193 INSTALLATION INSTRUCTIONS

3990-03

ALL SPECIFICATIONS ARE SUBJECT TO CHANGE WITHOUT NOTICE

ROADMASTER, Inc. 6110 NE 127th Ave. Vancouver, WA 98682 360-896-0407 fax 360-735-9300 www.roadmasterinc.com

## Instructions

1. Locate the mounting post (Fig.1) that came with your BrakeMaster. If needed, order part number 450596. Now, secure the post to the center of the seat adapter using the included 3/8" x 3/4" bolt and 3/8" lock washer. If the hole is countersunk, use the Allen head bolt and lock washer included with this kit.
2. Pull off the seat track cover. *Note:* this part will not be replaced. Retain the seat track cover in case the braking system is ever removed from the vehicle.
3. Lay out the seat adapter as shown in Figure 2.
4. Place the supplied 3/8" x 4 1/4" bolts through the seat bracket and seat track (Fig.3). At the rear of the seat track, use the supplied 1-5/8" x 1 1/2" backing plate and 3/8" flat washers, lock washers and nuts to secure the assembly (Fig.4). *Note:* position the adapter so that the mounting post (Fig.1) is directly in line to the brake pedal. The BrakeMaster air cylinder may jam or function incorrectly if the mounting post is not directly in line with the brake pedal.
5. Attach the air cylinder to the adapter.

### Parts List

- |                         |   |
