Part# 3663

ALL SPECIFICATIONS ARE SUBJECT TO CHANGE WITHOUT NOTICE

ROADMASTER, Inc. 6110 NE 127th Ave. Vancouver, WA 98682 1-800-669-9690 fax 360-735-9300 www.roadmasterinc.com

- ## Parts List
- (1) 3/8" lock washer

Instructions

1. Before installing the seat adaptor, the mounting post (that was included with your BrakeMaster system) must be removed from the round plate (Fig.1). First, secure the round plate in a vise. Use a wrench to loosen the mounting post, while holding the bolt with an Allen wrench. Don't try to turn the Allen bolt with the Allen wrench, as you might damage the wrench or bolt. Use a 1/2" open-end wrench to twist the mounting post off. Then, secure the mounting post to the center of the seat adaptor, using the bolt you removed from the round plate and the 3/8" lock washer.
2. Remove the plastic seat track covers and the two 12mm seat track mounting bolts.
3. Place the seat adaptor between the seat tracks and the floor. Replace the 12mm seat track mounting bolts and the plastic seat track covers.

 **WARNING** Failure to follow these instructions can result in property damage, personal injury or even death.
