Parts List

- (1) 3/8" x 3/4" bolt
- (1) 3/8" lock washer

Instructions

1. Locate the mounting post (Fig.1) that came with your BrakeMaster. If needed, order part number 450596. Now, secure the post to the center of the seat adapter using the included 3/8" x 3/4" bolt and 3/8" lock washer. If the hole is countersunk, use the Allen head bolt and lock washer included with this kit.
2. Snap off the plastic seat track cover. Remove the two front seat mounting bolts (one on each side). Set the seat adapter in place under the seat track and re-install the factory seat mounting bolts to secure it in place. Replace the plastic seat track cover.

WARNING

Failure to follow these instructions can result in property damage, personal injury or even death.
