

SEAT ADAPTER KIT #88261 INSTALLATION INSTRUCTIONS

4022-02

ALL SPECIFICATIONS ARE SUBJECT TO CHANGE WITHOUT NOTICE

ROADMASTER, Inc. 6110 NE 127th Ave. Vancouver, WA 98682 360-896-0407 fax 360-735-9300 www.roadmasterinc.com

Instructions

1. Locate the mounting post (Fig.1) that came with your BrakeMaster. If needed, order part number 450596. Now, secure the post to the center of the seat adapter using the included 3/8" x 3/4" bolt and 3/8" lock washer. If the hole is countersunk, use the Allen head bolt and lock washer included with this kit.
2. Using a 10mm 12 point male serrated wrench, remove the two front seat track bolts (Fig.2).
3. Place the seat adapter between the floor and the seat tracks and replace the bolts. *Note:* the mounting post on the adapter must face the floorboard of the vehicle and be positioned so that it (Fig.1) is directly in line to the brake pedal. The BrakeMaster air cylinder may jam or function incorrectly if the mounting post is not directly in line with the brake pedal.
4. Attach the air cylinder to the adapter.

Parts List

- (1) 3/8" x 3/4" bolt
- (1) 3/8" lock washer

WARNING

Failure to follow these instructions can result in property damage, personal injury or even death.
