

SEAT ADAPTER KIT #88282 INSTALLATION INSTRUCTIONS

4417-02

ALL SPECIFICATIONS ARE SUBJECT TO CHANGE WITHOUT NOTICE

ROADMASTER, Inc. 6110 NE 127th Ave. Vancouver, WA 98682 360-896-0407 fax 360-735-9300 www.roadmasterinc.com

Instructions

1. Locate the mounting post (Fig.1) that came with your BrakeMaster. If needed, order part number 450596. Now, secure the post to the center of the seat adapter using the included 3/8" x 3/4" bolt and 3/8" lock washer. If the hole is countersunk, use the Allen head bolt and lock washer included with this kit.
2. Trim each seat track cover, using the yellow lines in Figure 2 as a guide (Fig.2).
3. Place the seat adapter under the ends of the seat tracks and using the 5/6" x 1" bolts and lock washers, bolt through the seat track and into the seat adapter (Fig.3). *Note:* the mounting post on the adapter must be directly in line to the brake pedal. The BrakeMaster air cylinder may jam or function incorrectly if the mounting post is not directly in line with the brake pedal.
4. Remove the adjuster arm on the BrakeMaster and attach the air cylinder directly to the seat adapter (Fig.4).
